revision	programme titles
Version number	2

### Module aims

To build on marketing foundations studied previously and provide a staged approach to the nature of strategic marketing which contribute to the achievement of a competitive advantage. To introduce the broader aspects of strategic marketing that reflect contemporary developments in advocacy and ethics.

## **Module Learning Outcomes** - at the end of this module, students will be able to:

1	Analyse the micro and macro environment of an organization from the perspective of markets, customers and competitors.
2	Critically analyse relevant information in order to inform strategic decision making and develop a strategic marketing plan.
3	Synthesise the new marketing mix and associated innovative practices related to customer management.
4	Recognise the challenges of implementing marketing strategies and the need to manage resources effectively through monitoring, measuring and the adoption of continuous improvement.

### **Assessment**

**Indicative Assessment Tasks:** 

This section outlines the type of assessment task the student will be expected to complete as part of the module. More details will be made available in the relevant academic year module handbook.

The purpose is to undertake a strategic marketing analysis utilising a company of choice, in the form of two relevant reports.

Assessment 1: is related to the background of the company with situational analysis and application of theoretical tools involving the design of a strategic marketing plan in the format of a 2000-word report.

Assessment 2: is related to marketing strategy implementation via the integration of a new marketing mix, customer management, challenges of implementing marketing strategies and resource management with effective monitoring, measuring and the adoption of continuous improvement. This will be in the form of a 2000-word report.

Assessment number	Learning Outcomes to be met	Type of assessment	Weighting (%)
1	1,2	Written Assignment	50%
2	3,4	Written Assignment	50%

## **Derogations**

None

## **Learning and Teaching Strategies**

Learning materials will be loaded onto the Moodle site as the central source for the module. Lectures will be a mix of theoretical material to provide a foundation of interactive discussion and debate. The live nature of marketing provides contemporary examples which will form the basis of tutorial exercises in a practical manner to embed learning and demonstrate application.

Students are encouraged to take responsibility for their own learning to encourage high levels of student autonomy, supported by staff facilitation to progress subject learning and academic skill sets.
