**Module Aims**

To develop students in controlling and delivering a live project, this is to be developed by negotiation with a client. The content is a client-led brief from within their professional area. The constraints and expectation of a real world project will be expected to be delivered. The module is intended to develop the students' ability to work as part of a team, also to produce and manage a professional brief to the criteria set by an external client. This will provide the student with practical opportunities to promote their creative, technical and professional abilities.

**Intended Learning Outcomes**

Key skills for employability

- KS1 Written, oral and media communication skills
- KS2 Leadership, team working and networking skills
- KS3 Opportunity, creativity and problem solving skills
- KS4 Information technology skills and digital literacy
- KS5 Information management skills
- KS6 Research skills
- KS7 Intercultural and sustainability skills
- KS8 Career management skills
- KS9 Learning to learn (managing personal and professional development, self-management)
- KS10 Numeracy

At the end of this module, students will be able to

Key Skills

At the end of this module, students will be able to		Key Skills	
1	Research and deliver product through interaction with current trends within the creative media industry.	KS8	KS6
		KS7	KS10
		KS5	KS4
2	Execute concise delivery of a media product, this to be developed and manipulated using current technology.	KS1	KS2
		KS3	KS9
3	Critically analyse the emergent technologies that are current in creative media production.	KS6	KS8
		KS4	KS1
		KS3	
4	Contrast and evaluate technological systems to deliver technical specification.	KS6	KS8
		KS4	KS1
		KS3	

Transferable/key skills and other attributes

Effective group work. Time management and multi-tasking, Communication skills.

**Derogations**

None.

**Assessment:**

Assessment 1: To negotiate a client brief, this is the basis for the deliverable part of the project. It will need to detail roles for all participants, costings and risk to be evaluated. Define SWOT for the participants, and inform the client suitable detail to meet expectation. The brief is not to exceed 1500 words.

Assessment 2: This is the physical artefact and evidence of delivering the project. Inclusion should be all detail that is relevant to delivering the project.

Examples could include:

Minutes of meetings.

Contracts.

Production or preparatory documents.

Sessions.

Rehearsals.

Meetings.

Work logs.

The final project can be delivered in any suitable format that can be reviewed using University facilities.

The submission should include reflection and analysis of the process. Critical evaluation will be used to inform the delivery of the project.

Assessment number	Learning Outcomes to be met	Type of assessment	Weighting (%)	Duration (if exam)	Word count (or equivalent if appropriate)
1	1, 2	Report	40%		1500
2	2 - 4	Coursework	60%		Media

**Learning and Teaching Strategies:**

The module is presented with initial lectures, followed by a seminar series to evaluate progress and individual team progress. The students will be supported through the VLE and potentially social media sites specific to the project.

Formal group and individual tutorials will be carried out throughout the module.

**Syllabus outline:**

Developing the client brief.  
Project management systems and models.  
Working in groups- managing the group dynamic.  
Negotiation skills.  
Examples of technology-performance based projects.
